~~I think that the answer to the Prime Minister's enquiry is roughly as follows:-~~

No special negotiations with the German Government with the view to securing the departure of these persons from Germany or Axis-controlled territory are envisaged. ~~All that is contemplated is~~ that an approach should be made through the Swiss Government to the German Government to secure the latters' consent to the departure of a number of persons who have been specially nominated by the Jewish Agency for Palestine and agreed by the Palestine Government. This would be merely the continuation of an arrangement already in force before the war (except that where formerly independent Governments were concerned, their agreement was obtained; and not that of Germany alone) whereby persons nominated in the manner described above, proceeded to Palestine as immigrants. This arrangement has continued, (though of course less smoothly than would have been the case in peace time) during the war, and does not involve any greater prise de contact than the communication of a list of persons through the Swiss Government whose departure the German Government would sanction, or not, as the case might be. The latter is a possibility, as the German attitude has hardened recently and they might either refuse outright or put forward some inacceptable demand such as making the transaction dependent upon the repatriation of an equal number of German internees.

Government of Palestine have allocated 625 immigration certificates to specially nominated persons - e.g. "veteran" Zionists, doctors and Rabbis, at present in enemy-controlled territory and have submitted lists of names furnished by the Jewish Agency with the request that they may be communicated to the Protecting Power for transmission to the German and other Governments concerned in order that such arrangements as are practicable may be made for the nominated persons to leave unconditionally the countries in which they happen to be. Government of Palestine also wish the Protecting Power to exercise its good offices, so that any deportation order which may have been made by Axis authorities against prospective immigration into Palestine may be rescinded in the light of the knowledge that immigration certificates have been granted.

2. In view of Chapter I of the Bermuda Report and our wish to maintain the full co-operation and exchange of informat between His Majesty's Government and the United States Govern- ment which was so happily established at the Bermuda Conferenc I should be glad if you would explain the position to the Stat Department as follows:

3. In our view the proposed action through the Protecti Power concerning as it does potential Palestinian citizens who would have received immigration certificates but for the outbr of war does not signify any general negotiation with Hitler s as was rejected by both delegations at Bermuda. These comparatively few individual cases are of persons whose admis to Palestine has been agreed by the Government there, and it make difficulties with the Jewish Agency if we refused to ask Swiss Government to take the unofficial action suggested. I possible that they may be unwilling, or that the German Gover ment may impose impossible conditions, such as a head for he exchange. See paragraph 2 of my telegram No. 3539. But we anxious, as an exception, to try to get the names put forward.

4. We hope that, in the light of the foregoing, the Unit States Government will be willing to agree promptly that our proposal does not compromise the general position as set out in the Bermuda Report.

Following from Hayter for Randall.

In handing me this reply Reams said that State Department did not object to this particular proposal in itself. But they felt that once we started on this kind of thing it would be difficult to draw a line.

2. I asked whether they saw similar objections to negotiations with satellite governments, and Reams drew attention to the fact that the State Department memorandum refers only to the German Government.

3. I deprecated the refer nce to "unconditional surrender" and Reams admitted that it was a little far fetched.

4. My conclusion is that the State Department will not really mind if you make this and similar small scale approaches but that if you ask for their formal approval it will not be forthcoming.

Following is State Department's reply.

[Begins.]

It is felt that such action would be an exception to general procedure under which negotiations are not undertaken with German Government for other than United Nations nationals and might even derogate from established principle of unconditional surrender. The American Government recognises that special circumstances of this case may lead British Government to consider an approach necessary in which case American Government would interpose no objection. However, American Government is unable for its part to accept principle that negotiations be undertaken with German Government for other than its own or Allied nationals.

Dear Campbell,

I wonder if you can refer to Foreign Office telegram No. 3836 to Washington and to Washington telegram to the Foreign Office No. 2795 about an approach to the Govt. on behalf of specially nominated immigrants into Palestine?

I promised to let you have, for in order to complete your records, a short account of why in the end such an approach was held to be justified. The Prime Minister felt that it might be construed as an entry into special negociations with the Govt. But it was pointed out in this Dept. that no special negociations to secure the departure of the specially nominated immigrants from Europe or Axis-controlled territory /

was contemplated. The intention was described as being that an approach should be made through the Swiss Govt. to the German Govt. to obtain the latter's consent to the departure of a number of persons living in Germany or under German occupation who have been specially nominated by the Jewish Agency for Palestine and agreed by the Palestine Govt. would sanction, or not, as the case might be. The latter is a possibility, as the German attitude has hardened recently and they might either refuse outright or put forward some unacceptable demand such as making the transaction dependent upon the repatriation of an equal number of German interned. It was added that U.S.G. would not take an objection to the kind of approach we had in mind.

This explanation ratified the Prime Minister and ~~F.O. telegram~~ ~~No. 1964~~ to Berne were accordingly ~~sent~~ approved.

Dear Henderson,

I enclose a copy of a letter from Linton about certain veteran Zionists whose names appear on the list for Hungary which was enclosed in the High Commissioner's Secret despatch of the 14th April, a copy of which was sent to you with Boyd's letter of the 3rd May.

These names appear on the list for Hungary as under numbers 26, 27, 30, 46, 47, 84 and 83, and we would not raise any objection to your telegraphing to Istanbul, intimating that these particular names have been included in the list. On the other hand, I gather from Linton that he is writing to Walker suggesting that copies of the lists of all of these specially nominated persons should be sent to Istanbul, and you may feel that the best method would be to ask the High Commissioner in Jerusalem to send copies by bag to Ankara for transmission to the British Passport Control Officer at Istanbul. The Agency's representative at Istanbul could then consult with the P.C.O. about any particular individual cases.

? Answer that if the enemy will let these people out of Bulgaria we will do our best to find a country of asylum for them -

Draft submitted -

7/7.

I spoke to Mr. Clarke about this
2 he would like the draft altered -
He ~~did~~ did not like the idea of a stock answer.
He also said that C.O. would like
to deal with all enquiries concerning
immigration to Palestine. I said that
Refugee Dept. were dealing with the transport
of Jews from Bulgaria & Roumania both by
sea & via Turkey & it might be difficult
to refer all enquiries about immigration
to Palestine to the C.O. but he thought
not & said they would prefer to deal with
them - I submit draft to Mr. Gottlieb
as amended by C.O.

Sir,

I acknowledge receipt of your kind letter from May 18th. and thank you very much indeed for taking the trouble to send a copy of my letter from Feb.5th. to the High Commissioner of Palestine.

Unfortunately there seems to be very little hope for my sister and brother-in law to be among those few who would accompany the children.

There have however been recently many items in the newspapers of this country concerning possibilities for Bulgarian Jews to leave Bulgaria and immigrate to Palestine. I am sorry to admitt that I was not able to find out clearly whether such a possibility was only put into consideration or is really existing, although maybe within certain limits.

I now take the liberty to beg you for such information, as I am very much concerned about my relatives whom I fear in great danger.

There would be no obstacle as far as the financial point is concerned, as I am willing and able to pay for all expenses on the trip as well as to give all necessary guaranties for their support. Furthermore my brother-in -law owns some land in Palestine since many years.

The matter seeming rather urgent I would appreciate an early reply and your opinion whether it would perhaps be

Dear Clark,

Please refer to your letter 75113/1/43 of May 18th.

I enclose a copy of a letter we have received from Mrs. E. Gottlieb. We are now getting a number of enquiries concerning Jews in Bulgaria and if you concur I propose to use the enclosed reply to Mrs. Gottlieb as a stock form of answer.

It seems to us that we shall have to be prepared for a flood of enquiries as the

new Palestine procedure
gets known — as it
undoubtedly will in the

C.C. Department.

The attached telegram I sent off at the request of the Jewish Agency. I should be glad to have your views as to whether we should "recover cost" from them; regarding a similar case the Colonial Office, at the request of the Chief Rabbi, sent a list of names to Palestine, and offered to pay the cost amounting to £25. The Secretary of State for the Colonies decided that this sum should be charged to the Colonial Office. It is possible that the Jewish Agency may wish us to send further lists of names. I should be grateful for guidance in the matter.

A.W.G. Randall

23rd July, 1943.

As the Colonial Office are not recovering cost of tels sent on behalf of the Jewish Agency, I think we should also waive recovery.

E.W. 26/7

Dear Sir,

Thank you for your letter of the 25th June 1943 under the above reference.

On comparing my letter and your answer it would seem that you have not answered my question. I repeat that the Foreign Secretary stated in the House of Commons, that the refugees known to be waiting in the Balkans had not been rescued owing to the shortage of shipping. As I said before this does not appear to be correct.

If the British Government is in a position to make a gift of five ships to the Turkish Government, it cannot plead shortage of shipping at one and the same time.

With reference to war priorities the above gift may have been made for war purposes, although in view of the British Government's eagerness to help the Jews in their awful predicament it appears strange that nothing else has been done.

May I ask if any specific approach has been made to the Axis, either directly or indirectly through a neutral power, to see if they are willing in practice to allow the Jews to be removed from countries under their control? A straightforward answer would be appreciated.

Yours truly, Roger J. Holmes

Dear Sir Alexander,

Do allow me to refer to your kind letter No.W 9046/391/48 of the 29th June, about the scheme for providing refuge for some Polish Rabbis and their families. Since our last correspondence we have received the name of another Polish Rabbi who remains under German occupation in Antwerp, and in whom the Chief Rabbi of Great Britain is interested. His name is -

Rabbi Markus Rottenberg - born in Crakow in 1872
and his wife Sara Rottenberg born in 1876.

Both are Polish citizens.

I should be grateful if the above two persons could be taken into consideration in the above scheme.

Would you please refer to Randall's letter to you of 23rd July (W 10241/8833/48) about visas for Mauritius for Rabbis from Nazi territory. I am afraid we omitted to tell you earlier that the Polish Government have approached us on behalf of Rabbi Rottenberg and his wife.

I understood from you today that admission into Mauritius is at present limited to 32 Rabbis. I conclude that this number is made up of the 29 on the list enclosed with your letter to Randall (7031/44/43) of 26th June, together with three others of which I am unaware and does not include the three referred to in the enclosure to Nichol's despatch No. 80 of July 9th, a copy of which was sent to you on July 15th under our ref. 22 July, 1943.

Dear Linton,

With reference to my letter of the 8th July. We have now received a telegram from the High Commissioner stating that copies of the list of 80 Zionist veterans from Yugoslavia who are now in Italy or Italian occupied territory, enclosed with your letter of the 7th July and the further list of 245 names of people in Hungary, enclosed with your letter of the 1st July are now on the way. On the assumption that these lists are identical with those being forwarded by the High Commissioner we are asking the Foreign Office to send copies to Berne.

You also raised recently with the Foreign Office the question of duplicate lists being made available for the British

Passport

J. LINTON, ESQ.

Passport Control Officer at Istanbul. We now learn from the High Commissioner that the Agency Executive in Jerusalem report that their representative at Istanbul has copies of the lists which he will make available to the Passport Control Officer.

Yours sincerely,

Sgd.
W. Clark

Dated 28th July:1943

W: Refugees

Veteran Zionists proceeding to Palestine from Holland.

Refers to Foreign Office telegram No.2643 of 12th July (W 9996/391/48). Swiss Government state that they agree to intervene "à titre humanitaire" in order to facilitate departure of Jews mentioned. They state, however, that they cannot do more than hand list to German authorities informing them that these persons will be admitted into Palestine since the German Government's conditions for departure facilities have already been notified.

The Germans are still shirking out for an exchange — which we cannot consider — and the transmission of this list will therefore either bring, or in always feel it would.
